I RISE TO REMARK

BY JOHN PHILLIPS

This column is written on the fly, between meetings of Congressional committees, and with individual members of other committees coming out to see California and our problems. We have tried for a long time, here in the 22nd District, to get the House Committee on Agriculture to visit our counties. Twice before they were all set to come. Once a special session interfered and once the expected "Easter recess" simply did not materialize.

So at last the committee came. It is significant of the reputation of California that more members were here than at any meeting in other sections of the country. A majority of the committee met in Riverside, drove in a bus to the Imperial Valley, then back to the Coachella Valley, and stayed overnight in Palm Springs. The following morning they drove through Los Angeles county, seeing by-products and walnut packing plants, and citrus culture, and then they went up to Ventura, and through the vegetable areas of the 11th District, to Salinas. I left the party in Los Angeles. I picked them up again in Fresno, for a hearing on California plans and problems.

This is the only way an eastern member of Congress can understand this state. The desire to help is there, and the sympathy, and the interest, and perhaps some wonderment, but the visualization of our distances, our roads, our irrigation systems and canals, our labor problems, our nearness to the Mexican border, our specialty crops, the mountains and the ocean, and all the hundred and one things that go to make this California, these cannot be understood simply on the word, or description, of some California Congressman. That's why we like the committees to come here. It would be nice if I had the space to list all the 22nd District people who helped make this trip a success. The meetings and the dinner at Riverside; the splendid trip to the Imperial Valley and the lunch at El Centro, and the old-fashioned barbecue dinner at the Coachella Water District office; these were the things the committee and their wives will remember, and thinking of them, they will think of the 22nd District.

In the next few days we expect individual members of the Appropriations Committee, who have been to the national association meeting in Oklahoma City, to visit us. Then we'll talk about our water problems, and our Indian Service problems. Soon it will be time to go back again to Washington and work. I hear some of my friends, who have seen my summer schedule, saying, "go back and rest."

One curious afterthought of the election: With the United States having just taken another step along the road to centralized government, which is National Socialism, the British Socialists are asking publicly why the system isn't working in that country. The results have not been what the public was led to believe. Is it possible that such a shadow may fall over the 81st Congress?

Los Alamitos

Two beautiful weddings took place this week-end. Mr. Frank Emile Van Castern married Emelyn Beatte on November 18, and Mr. Paul De Coninck married Irene Ann Menzebe on Saturday the 20th. Many Los Alamitos friends of the two couples were in attendance at both weddings. Mr. and Mrs. Van Castern were married in St. Mary's church, Fullerton. A wedding reception followed at Harmony Park in Artesia, followed by a reception and dance at the Portugese hall in Artesia. Mrs. De Coninck was gowned in white bridal satin, with a lace yoke embroidered in seed pearls. Her four sister attendents were dressed in country green satin, in three-quarter length skirts. They wore green satin hats and gold slippers to complete their ensembles. The bride carried a white gardenia bouquet centered with a flaming bird of Paridise, and sister wore baby orchids on their wrists.

Over the weekend, Roy and Mable Wright basked in the sun at the desert resort, Desert Hot Springs, near Palm Springs. There was a group of ten couples gathered in the private home.

Vacationers away from home: Mr. and Mrs. George Hill, 922 Howard, Los Alamitos, are visiting in Phoenix, Arizona.

Mr. and Mrs. Frank Avery, care takers of the Wilma Motel, have left for Pennsylvania for a month.

The Laurel School P-T.A. held its monthly meeting in Mrs. Wade's first grade room. Following the regular business, the first graders gave a reading. Refreshments were served, and the first grade room won the banner for the month as having the most parents at the meeting.

Mrs. Harold Bergh, Walnut St., had a little girl, Karen, this week. She is recuperating in the Los Ceritos hospital.

Cypress Christmas Program Of Events Is Discussed At Meeting

The Business Men's club of Cypress voted approval of decorating the downtown treets for the Christmas season and repeating last year's program of giving candy away to the children at Tuesday morning's ham and egg breakfast meeting held in Ernie's Drive-In at 7 o'clock. Frank Noe, chairman, presided at the meeting following the meal.

Two committees were appointed by the chairman to handle the Christmas program. Serving on the decorating committee are E. V. Corby, Clyde Arnold and Fred Mackay. Appointed to the candy committee are Richard Hathcock, Earl Essex and Stanius Doerr.

Richard Hathcock, secretary of the club reported that last year about $20 worth of candy was bought for distribution to the children.

Fred Mackey and Stanius Doerr both spoke in favor of having a Santa Claus on duty downtown as was done last year. The former favored having a full-time Santa Claus on duty during Christmas week. This decision was left up to the decorating committee.

Miss Elizabeth Dickerson, district superintendent of schools reported that the present plans for the school program was to have the P-T.A. supply the large Christmas tree for the auditorium and the chamber of commerce the individual room trees. The P-T.A. will supply the candy for the school children as usual but Miss Dickerson expressed the opinion that the chamber of commerce should take care of the non-school children who have been coming down to the school each year for the yule-tide program.

Evidentally what is happening is that non-school children have been getting candy from both the school and the downtown area. Little can be done about it since it is rather difficult to segregate the youth.

Stanius Doerr spoke on the poor attendance at the chamber of commerce meetings which has fallen to an average of about 17. He said that the program should be livened up by either engaging interesting speakers or taking advantage of the many free movie films available to such community enterprises. As the school all ready has the movie projector and screen this would be a very easy program to arrange.

Bowling Team

Richard Hathcock reported that Mrs. Clyde O'Neal of Walker St., had requested him to ask the club to act as sponsor for a women's bowling team she belongs to that at present is leading the Anaheim league by three games. The team wishes to nter a Long Beach tournament and needs a sponsor. The club voted to appoint Mr. Hathcock as a committee of one to investigate the matter further.

Present at the meeting were Price W. Seibert, Fred Mackay, Pat and Clyde Arnold, Miss Dickerson, Frank Noe, Richard Hathcock, Foster Noe, James Moss, Stanius Doerr, Earl Essex, George Wilcraft, Ed Merriam, Mrs. Olive Williams, Otto Switzer, Lessly Davis and James Chisholm.

The next meeting will be held in the same place in two weeks at the same time.

VFW Hospital Trip Is Big Success

Seven members of the local VFW auxiliary journeyed to the Brentwood and Sawtelle Veteran nospitals where they entertained disabled vets by conducting a Bingo game and distributing prizes of cigarettes, candy, and chewing gum, last Monday. The party was a huge success and the boys told the women of the auxiliary that "they were the most generous group to entertain them as yet."

Hospital and publicity chairman, Mrs. Ann Lucas said that the success of the trip was due largely to the generosity of the local Cypress citizens who donated the prizes.

$100 in items were distributed by the Cypress ladies with the cooperation of the Buena Park auxiliary on this visit. The boys especially enjoyed the homemade cookies of which there were 100 dozen given them. Ice cream was served with the delicious cookies. 500 magazines and 15 pocket book additions were added to the hospital library. Bed pads made by the local sewing group were also presented.

Cookies, cup cakes, candy, cigarettes, and tobacco were sent into the restricted wards.

Attending the hospital trip were, Mrs. Ann Lucas, Dorothy Smith, president, Mrs. Hazel Ludy, Margaret Dye, Mrs. Hahn, Mary Dena Priddy, and Mrs. Mrs. Helen Berry.

The Ladies' auxiliary of Cypress is planning to trim trees at the above hospitals at Christmas.

Pills Cause Death Of Park Baby

Colleen, one of the twin daughters of Mr. and Mrs. Ignatius Heavrin, was suddenly called by the Angel of Death on Monday morning after an illness of less than a day.

The tiny girl had found a box of pills containing ephedrin sulphate on Sunday and had eaten a number of them. Poisoning from the overdose caused the loss of her life, in spite of every effort to save her.

She and her sister Kathleen were born on December 2, 1946. Beside the little twin, she is survived by two other sisters, Mrs. Robert Grizzle, a student in Occidental college, and Mary Lou Heavrin, and a brother, Lindy beside the bereaved parents.

Funeral services were held on Tuesday at 10 a. m. at St. Mary's Catholic church in Fullerton with interment at Holy Sepulchre cemetery.

County Orders Garden Resident On Sanitation Law

Another Hawaiian Gardens resident has been ordered to comply with a county ordinance requiring modern sanitation facilities in an occupied dwelling.

Wilfred Harris, 3505 S. Belshire St., was ordered by Judge A. D. to comply with the ordinance by December 7.

The defendant received a $200 fine or a five-day jail term, which Boone in Downey Jusitice court was suspended on condition the work be completed within the specified time.

J. Desmond, area inspector for the county health department.

It was the third such case prosecuted by the health department in this community during the month. Two men received suspended sentences under similar terms on Nov. 9.

Inspector Desmond said strict enforcement of the ordinance is being pressed because of the health department's concern over possible spread of communicable diseases.

Notices are being posted at other residences failing to comply with the regulation, and complaints will be filed within 30 days unless the required sanitation facilities are installed, Desmond warned.

Permits for outdoor toilets, he said, are given only while proper facilities are being installed and these are limited to 30 days.

23 States Plan CROP Christmas Trains

Mary Trick is one of thousands of America's rural folks contributing to the 23 CROP Christmas trains for overseas relief.

Pledges for farm produce, including grain, beans, meat, and cotton, are being accepted during the Thanksgiving season. School children in many areas are contributing a quart of milk each.

All contributions will be assembled in 23 state trains between Dec. 18 and Dec. 25. These trains will roll to 10 different ports, where simultaneous dedications will be held on Christmas day.

CROP Christmas trains are sponsored by Catholic and Protestant church groups.

Catholic Men's Club Meets To Discuss Plans

The Catholic men's club of St. Pius V parish met in the home of Peter Van Ruiten on Bloomfield avenue, Cypress, last Friday evening with Father Frederick Kass presiding. A round table discussion of the proposed building plans was held and it was voted to have Father Kass submit completed plans to Bishop McIntyre's building committee in Los Angeles.

Secretary Frank O'Brien reported on the last meeting and announced that the next meeting would be held on the first Thursday in December at the home of George Waldmen, 215 Homewood avenue, Buena Park. Refreshments were served by Mr. Van Ruiten.

V.F.W. Auxiliary Plans Christmas Aid-Vet-Drive

The last meeting of the VFW Auxiliary was spent in planning a busy holiday schedule which will commence with a cake sale on November 27 to be conducted in the business section of Cypress on Lincoln avenue, accordinging to an announcemet by Mrs. Ann Lucas, nospital and publicity chairman. Mrs. Dorothy Smith, president of the Auxiliary presided at the meeting.

The Christmas program of events is aimed at the goal of "A package for every veteran under the nospital Christmas trees;" and the trimming of every tree in the hospital. The package for every vet is expected to be accomplished by an appeal to all Cypress residents to buy at least one gift for a disabled veteran and deliver it to the Auxiliary wrapped and ready for delivery to the hospital.

Other events planned for the holiday season are a homemade pie sale on December 4 on the streets of Cypress, a homemade candy sale, December 11, and a Christmas turkey dinner on December 18, at the school house from 3 o'clock to 8 o'clock in the evening. Prizes of poultry will be awarded. The affair will be in charge of Margaret Dye, chairman of the ways and means committee.

Donations for any of the sales will be appreciated by the Auxiliary. Proceeds of the campaign will be turned into the Christmas fund for disabled vets.

Zedith Hathcock was appointed as Americanism chairman and Harriet Carl as legislative chairman. Several members agreed to assist in trimming Christmas trees in the various veterans' hospitals and it was voted that each member fill a small Christmas box for some patient.

Joan Avels was winner of the mystery package and will furnish the package for next time.

LOS ALAMITOS CRASH INJURES PARK WOMAN

Three cars, all travelling in the same direction, were involved in a collision Thursday at 10:30 a.m. on Los Alamitos Blvd., near Bryant Rd. One woman suffered a fractured leg and other injuries.

Mrs. Leola B. Gautschy, 43, of 9735 Western Ave., Buena Park, was taken to a Long Beach hospital for treatment of a leg injury. Her car allegedly ran into one driven by Edwin Hary, Montrose, whose car in turn hit another machine whose driver did not stop.

IT'S BEING SAID -- IN CYPRESS

That the attendance has fallen off at the Chamber of Commerce meetings and the business men are alarmed. One suggestion has been made by Stanius Doerr that the Chamber present a moving picture program at the bi-monthly meetings to attract the crowd. We think this an excellent idea and something should be done about it for the first meeting in January. There are many films available without charge that are both entertaining and educational.

That Cypress may soon have a women's bowling team in the coming tournament in Long Beach. This should be good for the town and good for the Cypress Enterprise as it will give us material for the sports page.

That Cypress may be honored by a two day visit by Santa Claus. The kids will love it.

That there just were not enough 8 and 10 pound turkeys around this year on the poultry market, and that the man far sighted enough to do something about concentrating on raising the newly developed small turkey next year will do a whale of a business selling directly to the consumer where the most profit can be obtained.

That if local merchants are sincere in their desire to see Cypress develop into a thriving community they might well ponder the suggestion of one local craftsman who informed your editor that a local high school would like to do more towards making this a community than any one other item. It deserves serious consideration when one reflects that Buena Park students go to Fullerton and Cypress students attend Anaheim high school. Under conditions like this both towns are losing out. If the brains of both were put together maybe a compromise could be worked out and a high school erected for Cypress and Buena Park students.

That is sure is strange to be living in an egg district and have to pay as much or more for fresh eggs as do the city dwellers. The original idea of getting into a producer to consumer poultry business was to cut the cost of the middleman and thus be able to sell cheaper and create steady customers. This seems to have boomeranged and now the consumer has to pay more for eggs at the farm than he does at any progressive market. Some one could sure clean up if they tried to inovate a volume business in eggs by selling for a little less.

That many people driving thru Cypress miss the stop signs until they are right at Walker street, being forced to suddenly jam on the brakes. Such stop signs are primarily for out of town drivers and should be rigged to make them stop. Why not a blinking red light suspended from the business blocks?

That the kids will sure be happy to learn that the Chamber of Commerce has decided to give out free candy on Cypress streets again this year. There is nothing that can beat the joy of happy youth.

That the parents of the children editing the new monthly school newspaper should be mighty proud of the efforts of their youngsters. This should prove valuable experience in training the boys and girls in the art of expression which comes in very handy in adult life.

CYPRESS STUDENTS PUBLISH PAPER

The sixth grade pupils of the Cypress Elementary school have published the first issue of their monthly newspaper under the guidance of Miss Dickerson and Mr. Windsor. Those serving on the staff are:

Geraldine Allman, Editor in chief, Michael Collins, Art Editor; Gary Hagen, Sport editor; Marilyn Wallace, Club editor; Ray Decker, Feature editor; Cornelia Dykstra and Beverly Woods, Grade editors; David Fender, Business manager; Ernest Scott, Third grade reporter; Ruby Tsujioka, Office reporters; Jimmie O., Ralph S., Billie D., and Bobby G., Stackers.

A number of years ago, pupils of the Cypress school printed a weekly paper called "The Splash" which was later changed to "Cypress Highlights." It was strictly a pupil affair with all grades participating, but the eighth grade was in charge of publication. The students made the stencils and ran the pages off on the mimeograph machine and compiled them.

SACRAMENTO

County Agricultural Commissioners from more than 50 California counties will attend the fall meeting of the California Association of County Agricultural Commissioners in Sacramento December 8 and 9.

School Burglary Wave Hits Home As Cypress Safe Is Smashed And Rifled Of $175 In Cash On Tuesday Night

The current school burlary epidemic struck Cypress Tuesday evening when thieves broke into and entered the school building sometime after 11:30, jimmied the door to the district superintendent's office, cut the safe open with shears and took $175 in cash, according to a report by Peter Klyne, deputy on the case.

The time of the break was fixed by estimation after the sheriff's office was informed that a night class of aeronatics had been in session up to 10:30 o'clock; some of the class members lingered later than this and did not leave until nearly 11 o'clock.

The break was discovered Wednesday morning by Miss Elizabeth Dickerson, district superintendent who notified the Orange County Sheriff's office at once. Peter Klyne and technical workers, Luxemburg and McNutt of the State Bureau combed the office for clues, took pictures and tested for finger prints.

The value of the safe which is utterly destroyed, is estimated at about $500. Several door locks and windows were broken which when added to the value of the safe and the cash taken will be quite a sizeable amount.

According to Klyne the thieves broke open a door on the west side of the building to gain entrance to the hallways after they had found a window open allowing them initial entrance to the school building. Prior to this the culprits had butchered several other windows before they discovered the open one.

So far no trace of the burglars has been unearthed but the sheriff's office is busy putting the pieces of this crime wave together as reports of the other school breaks come out of the laboratory.

The Bloomfield school was entered the same night and $70 in cash taken from the main office. Other schools entered recently were the Douglas Mcarthur school in Lakewood, the Downey school, and the Capistrano school.

Brother, Can You Spare A Diamond?

For injecting a note of humor into the grim subject of atomic warfare, thanks are due economist Roger W. Babson.

Babson, is will be recalled, earned enduring fame as one of the few economic experts who predicted the cataclysmic stock market crash of 1929. He has been in the prediction business ever since, selling advice to clients through a market information service.

The most recent bulletin of the Babson service warns of the crippling effect of an atomic attack on the nation. After several paragraphs calculated to scare the daylights out of the reader, the bulletin asks:

"What assets have you available that could be quickly and easily transported on your person, for use in the event you found it necessary to move about suddenly and to considerable distance?"

If you don't have any such emergency currency, brother, you had better get some — but quick! And what does Babson recommend Diamonds! Just the thing in case of atomic emergency!

Of course, you can't eat diamonds, sleep in them, or clothe yourself with them — unless you want to look like Mae West starring in "Diamond Lil." But the Babson organization strongly urges their purchase, and, we understand, is also in the business of selling them.

The picture of the country's highways jammed with refugees fleeing from atomic bombs is a frightening prospect always. Is it maybe a little easier to bear, to picture the refugees dripping with Mr. Babson's diamonds?

Allen Firm Shows Good Progress

James H. Allen, licensed plumbing and heating contractor, who installed all the plumbing fixtures in Cypress Manor today announced that his firm has just completed 153 homes in Norwalk on Center street. He is now working on 94 homes in Santa Ana.

A young firm led by a young progressive contractor, the Allen company is now located in Hawaiian Gardens at 21522 South Norwalk Blvd. and have announced that they are ready to handle any plumbing or heating problem, large or small. They are fully equipped and use the latest time saving methods when doing an installation job.

TWO NEW POLIO CASES REPORTED IN COUNTY

Dr. Edward Lee Russell, county health officer, today listed two more infantile paralysis victims, both of them children.

A Laguna Beach boy of 12 years of age, is in county hospital polio ward with a "fairly heavy involvement" in one leg and a 2-year-old girl who lives in Katella district, west of Anaheim, is also in the hospital with a less serious involvement in one leg.

Their illnesses raised to 97 the number admitted to county hospital for polio this year. Of that number, only seven remain in the hospital under treatment.

Heard Along Lincoln

We used to hang up our stockings and all us kids tried to borrow Mrs. —'s stockings for her legs were as large as a man's body.

o-o-o-o-o

Blonde, Hell — I got all the women I want.

o-o-o-o

It's a dime every time you take a sup of coffee. I'm not going back there any more.

o-o-o-o

I finally reached the age where I found out that drinking does not pay.

o-o-o-o

If that is his game, let him play it.

Poor Attendance At Chamber Is Discussed

The Cypress Chamber of Commerce met in the school auditorium Monday evening with Stanius Doerr, president, presiding over the meeting which was for the most part concerned with falling attendance of the people at the bimonthly meetings. Mr. Doerr stressed the importance of attending the next meeting at which nomination and election of officers or the ensuing year will take place.

It was voted to refer all business pertaining to Christmas decorating and other holiday events to the Business Men's breakfast to be held the following morning.

The members present agreed to send out cards rather than flowers in the future to sick members of the chamber of commerce and their families.

Jake Van Dyke, dairyman, expressed the opinion that all town business should be conducted at the chamber meetings rather than diverting some of it to the Business Men's club as has been the custom.

Coffee and doughnuts were served to all attending.

The minutes of the previous meeting were read by Alfred Arnold, secretary, and accecpted as read.

Cypress Airpark Will Increase To 4,000 Sq. Ft

Cypress Airpark will soon have another addition to the hangar that now has four compartments. The addition was started this week which when completed will be a total of 4500 square feet. Mr. James Bryant, manager of the airpark stated this new addition will accommodate six planes. The hangar throughout is constructed of steel, thus making it fire proof, and smooth cement floors.

Holy Land Film At Next Anaheim Public Forum

Last of the Anaheim Public Forum series, to be held at the High School auditorium next Monday, November 29, will present a colored motion picture of the Holy Land. The free program will begin at 7:30 p. m.

Comments on the firm, which is entitled "The Lord's Foorsteps," will be given by Robert C. Merrifield, traveler and photographer. The picture, based on the Four Gospels, traces the travels of Jesus in the Holy Land, showing the actual scenes of biblical events. Although dealing with a religious subject, the picture is non-denominational.

Merrifield, narrator and producer of the film, conceived the idea for the picture while serving in the navy during World War II. "Watching the chaplains of various faiths bring comfort and solace to men about to go into action, I began to wonder why such beauty and peace could not be appreciated after the war," Merrifield said. "In this film portraying the travels of Jesus, I have tried to bring some of that same spirit to the layman."

WANTED

Letters to the editor on community problems or anything of interest on a county, state or national level. This is your paper. We try to make it interesting in the limited space we have. Your letters will help, so if you have a spare moment drop us a line. Ed. note.

KAREN SEIBERT BIRTHDAY PARTY

A birthday party for Karen Seibert was held on Tuesday evening, November 23, at the home of Mr. and Mrs. Price W. Seibert of Cypress. Those attending were Jean Houghton, Colleen Phillips, Judy Stearns, Wilhelmina Van Hamrick, Carlene Bremer, Vevan Gail Boukins, Mary Lou Hoxsie, Myra Faye Simpson, Rosemary Obermatt, Esther Mato, brothers Russell and Ralph Culp.

Games were played and refreshments served by the hostess, Mrs. Price. Each of the girls received a bracelet.

ROBINSONS RETURN FROM SIX-WEEK TRIP

Mr. and Mrs. Edward L. Robinson recently returned from a 9000 mile six-week trip east to Detroit where they visited Mr. Robinson's brother. They also stopped at Ames, Iowa, to visit Edward L. Robinson Jr., who is taking a course at the veterinary college in that city.

The Robinsons visited the famous Carlsbad Caverns in New Mexico and were quite pleased with what they saw.

"It was the most wonderful sight I have ever witnessed," said Mr. Robinson of the caverns.

He and his wife had lunch in the lowest point of the cave which is 750 feet underground and has a ceiling 285 feet high. A modern lunchroom is set up down there to accommodate the many daily visitors.

KAREN SEIBERT BIRTHDAY PARTY

A birthday party for Karen Seibert was held on Tuesday evening, November 23, at the home of Mr. and Mrs. Price W. Seibert of Cypress. Those attending were Jean Houghton, Colleen Phillips, Judy Stearns, Wilhelmina Van Hamrick, Carlene Bremer, Vevan Gail Boukins, Mary Lou Hoxsie, Myra Faye Simpson, Rosemary Obermatt, Esther Mato, brothers Russell and Ralph Culp.

Games were played and refreshments served by the hostess, Mrs. Price. Each of the girls received a bracelet.

NOTICE

Due to circumstances beyond our control we were unable to bring you this week's installment of the comic strip "Kerry Drake." We will have both this week s and next for you in the coming issue.

CALENDAR

Organizations wishing to have meetings or special events listed in this weekly calendar are invited to contact the office of the Enterprise, Anaheim 28215, with their information.

ARE WE THANKFUL ENOUGH?

This is Thanksgiving week. By the time most of you read this editorial you will have had your turkey dinner pretty well digested and be thinking of routine matters again. But even so it is never too late to bring up the subject of being thankful. Do we not have much to be thankful for in this land of plenty?

Indeed we do. In fact, we should be ever thankful that we are fortunate enough to live in this generous land where one can get enough of the good things of life without selling one's soul or his ideals. We are rich in many things besides food and it is truly a blessing to have plenty of food, but there are many parts that go into the whole which we so abruptly term "life."

It would pay many of us who go about our daily business in Cypress to reflect once in a while about the hardships of life which so many innocent people are enduring in other lands. Little things that we take for granted are considered luxuries in most European countries right at this moment. Little things like being sure of plenty of fresh milk, oranges, and fruits of all kinds, vegetables, bread, eggs, and at least enough meat to keep in touch with the taste of T-bone steak. Stop and think for a moment. There are men in Europe today, desparate men, who would even kill for a week's supply of fresh groceries. There are mothers today who cannot find any milk to give their children.

Yes, we all are well aware that prices are high in America today, but, at least, the good are available in sufficient quantities so that we all get some — at least enough so that none of us know what real hunger is or have the faintest idea of the effects of malnutrition on the human body.

These are little things to us. To others they are big things, and they do become big things when they are cut out of reach of the common man. We can thank God that they are still within our reach this Thanksgiving week and pray that they always will . . .

TRUMAN'S RE-ELECTION

Mr. Truman does not owe his remarkable success to any group or any class. He wasn't elected by labor or capital or agriculture or any other segment of the nation. He was elected by the American people, and he is the president of all the people. He doesn't even owe allegiance to the Democratic leaders — most of them deserted him when they thought his cause was lost, and he won in spite of these unadmirable defections.

Harry S. Truman has a chance to go down in history as one of the great presidents — as a man who, when the world was torn between slavery and freedom, stood staunchly for the liberties of mankind, and was too big to admit allegiance to special interests of any kind. The whole civilized world hopes that he may measure up to the enormous responsibilities that have fallen upon him. He has a chance now to rise above group prejudice or group selfishness.

SHOP EARLY FOR CHRISTMAS

If you want to get your Christmas shopping finished before the final mad rush, now is the time to do it. It's not too early by any means. If you buy now you'll have a wider selection of goods to choose from and it will be less nerve wracking on you and the sales people with whom you deal.

Some idea of what Christmas shopping will be like this year is indicated in the report that merchants expect the December sales total, which exceeded $12½ billion in 1947, to go as high as $14 billion this time. One factor contributing to the high sales volume is the huge sum distributed annually by American banks from the Christmas Club accounts. With plenty of money available to buy goods, you can be sure the drain on the supply will be heavy.

So, get your list made up and do your shopping this week. But take this tip: don't go overboard on your spending. Don't spend all of your extra cash. Keep some in reserve as a nucleus around which to build up your savings in the coming year. If you shop wisely you'll find that you can get all the things you need and still have at least a few dollars on hand.

SCHOOL MENU

Monday, Nov. 29
Kraut pie
Prunes
Spinach
Bread and butter
Milk
Donuts

Tuesday, Nov. 30
Creamed hamburger with vegetable
Fruit jello
Hominy
Bread and butter
Milk
Cookies

Wednesday, ec. 1
Corn soup
Lettuce, egg salad
Raisins
Bread and butter
Milk
Ice cream

Thursday, Dec. 2
Chili beans
Cabbage salad
Dried peaches
Bread and butter
Milk
Custard

Friday, Dec. 3
Mashed potatoes and gravy
Pears
Bread and butter
Milk
Cake

GARDEN HINTS

(A service of the Orange County Nurserymen's Ass'n.)

HEDGES FOR PROTECTION

Hedges may be used in these times to obtain the same natural protection from roving animals and prowlers sought by our forbears. Some plants prove more effective for this purpose than others, however.

Plants of the hawthorne family have been used with considerable success, for they possess spines along their branches which the trespasser finds very uncomfortable should he run afoul of them. In addition, these plants tend to grow together in a closely-knit manner.

The pyracantha is a member of the hawthorne family; but it has another quality in addition to its protective factor—its mass of bright colored berries during the winter makes it a desirable ornamental.

While not used very much in Southern California, the barberry makes a fine lower hedge plant in cooler sections of the state. It, too, frequently possesses the sharp appendages along its stems which render trespassing over or through its territory a risk. Other varieties have spiny leaves. Ornamentally, they produce berries varying from blue to bright red and a profusion of yellowish bell-shaped flowers.

For Informal Borders

Plants such as mahonia and ilex, possessing shiny leaves, may be utilized for protective hedges also. They would work into the more informal border plantings, however, especially where they may benefit from partial shade.

Lemons and limes of the dwarf varieties likewise lend themselves to hedge use. Though of stiffer, more formal character, they may be combined with lower growing plants in the shrub border very effectively. In addition to their prickly spines, they produce valuable fruits and very fragrant blooms.

Where they would harmonize with an environment of Spanish flavor, such spinky-tipped plants as the red hot poker and Spanish bayonet might be used profitably for protective purposes. And as for certain members of the cactus family, little need be said about their value in this regard.

Veteran's Guide

VA HOSPITALIZATION

One of the questions most frequently asked of the Veterans Administration is, "Am I eligible for hospitalization by the VA?" To clarify this for other veterans who may be asking the same question RIGHT GUIDE offers the following:

REQUIREMENTS

The first requirement for VA hospital treatment is that the veteran be discharged or separated from the service under conditions other than dishonorable. From there on admission is determined on a priority basis.

FIRST

Naturally the first priority is given to emergency cases. Any veteran of any war discharged or separated from the service under conditions other than dishonorable will be hospitalized immediately if his case is an emergency regardless of the cause of his injury or disease. When such cases occur in the Los Angeles area the veteran's doctor should call or wire the Veterans Administration regional office at 1031 South Broadway between the hours of 8:00 in the morning and 4:30 in the afternoon Mondays through Fridays to request admission. Before 9:00 a.m. and after 4:30 P.M. and on week ends he should call the Officer of the Day at the Los Angeles VA Center, Sawtelle and Wilshire Boulevards.

SECOND

The second priority goes to veterans who are requesting hospitalization for the treatment of service-connected injuries or diseases. "Service-connected injuries or diseases" are those incurred while in the service or those aggravated by duty during wartime service and are recognized as such by the VA.

THIRD

The third priority is for those veterans who wish hospitalization for non-service connected disabilities not in the emergency category. The veteran, his nearest relative, guardian or representative must apply at any VA office and fill out the necessary forms. He must sign a statement to the effect that he cannot afford private hospital care, and if a bed is not available at the time he must wait until one is available. If the admission and travel to the hospital have been approved by the VA then transportation will be provided at government expense if the veteran cannot afford to pay it himself.

Families of veterans are NOT entitled to hospital treatment by the VA unless the relatives are veterans themselves.

CIVIL SERVICE JOBS ANNOUNCED

Two civil service examinations for nurses were announced today by the State Personnel Board.

The deadlines for filling these and other applications are:

December 7: Field Supervisor of Rodent Control, $341; Race Track Investigator, $341; Rodent Control Foreman, $231; Claim Auditor, $243; Tree Surgeon, $243; and Seamer-Seamstress, $190.

December 9: Building Materials Expediter, $358; Public Health Nursing Consultant, $295; Assistant Supervisor of California High School Cadet Corps, $341; Permanent Disability Rating Specialist, $341; Public Health Nurse, $255; and Highway Field Office Assistant, $255.

All applicants must be United States citizens. Details about these examinations and application forms may be obtained from the Board's office at 1015 L Street, Sacramento; 401 State Building, Los Angeles; or 107 State Building, San Francisco.

Orange County Residents To Pick Winners of Contest

Orange County residents themselves will select the winner of the Orange County Television Talent Test when it goes on the air November 27 over KFI, KFI-TV and KFI-FM.

Audience at the Television Talent Test show will be made up primarily of Orange County residents, since admission tickets are being distributed in that area through Packard-Bell dealers.

Winner of the Television Talent Test is to be selected by audience acclaim. Thus the winner will be chosen by neighbors from the Orange County area.

Entries in the Packard-Bell campaign to find fresh new television talent are still being received. Blanks may be obtained from local Packard-Bell dealers.

L. A. CHAMBER GIVES CROP REVIEW

Bountiful harvest conditions prevail in the Southland, thanks to mild October weather, the Los Angeles Chamber of Commerce reported today in its monthly crop review.

Ideal growing weather last month corrected the maturity-retarding effect of September warmth, the Chamber said. Dates were about the only crop suffering from adverse weather, with sprinkles in the Cochella area forcing a predicted 10 per cent cut in pack-out tonnage.

Meat price movements were generally lower, especially for cattle and hogs, but lambs held steady despite heavier marketing, according to Roy M. Hagen, chairman of the Chamber Agriculture Committee.

The price for Valencia oranges slipped at month's end as Florida citrus shipping increased, Hagen said, but only 1,600 cars of Southland fruit remained to be sold. First new Navels from the San Joaquin Valley were scheduled to move marketward this month.

Lemons dipped in price as eastern hot-weather demand eased. Summer grapefruit supplies were exhausted and a new desert crop awaited. A yield 15,000 carloads lighter than last season is expected nationally, Hagen declared.

Los Alamitos

Mr. and Mrs. Harry Armstrong and daughter, Ginger, whose residence is in Palm Springs, spent the weekend with the Ray Cues. They attended the wedding Saturday of Patricia Ann Wells, who was married in the St. Rose of Lima Chuch in Bell.

Both of Mrs. Cues' sons are away from her at present. Her married son, Robert, who is a Staff Sgt. in the Air Force, is now stationed in Manilla. His wife expects to follow him to Manilla in ecember. Her youngest son, Midshipman William Cue, will be coming home from Annapolis, Maryland, for the Christmas holidays.

Los Alamitos

Mrs. Elmo Whitmire and small son are visiting friends and relatives in Dallas, Texas.

Mr. and Mrs. Alva Corley, accompanied by Fred and Dorothy Johnson, drove to Fresno recently to attend the Fresno-Reno football game. Their son and brother, Bob Corley, plays on the University of Nevada football team and they were a happy group when that team outscored the Fresno team.

Pfc. Maurice Webster, who has been stationed at Lowry Field at Denver, Colo., has received his official order and will soon be transferred to a post in Germany. He will spend a few days at the home of his mother, Mrs. Alice Webster, before sailing for Europe.

Mrs. W. E. Whitesides and small daughter, Jerry Ann, are visiting the former's parents in Denver, Colorado.

Mrs. Rosemary Watte was confined to her bed with the flu several days this week.

Mr. and Mrs. August Labourdette and daughter, Sharon, spent last week in Ignacio, Colorado, where they visited Mrs. Labourdette's sister.

Mrs. Marie Hyde of Maryland Heights, Missouri, is vacationing at the home of her daughter, Mrs. Mary Rucker.

The Laurel Parent-Teacher association met on Thursday night in the school auditorium. Mrs. Wade's first grade reading group presented the program.

Mrs. A. J. Blodgett of Denver, Colo., is visiting her brother and family, the E. D. Millers, and other relatives and friends in and around Long Beach.

Mrs. Aline Cook of this community was the lucky winner of a $500 bond recently and a carton of Chesterfields when she correctly answered the question asked of her when she answered the telephone during the Chesterfield hour.

Mrs. J. M. Cooper of Fort Worth, Texas is spending a month at the home of Sgt. and Mrs. David W. Barrett on Katella avenue. Mrs. Cooper is the mother of Mrs. Barrett.

Mrs. Harry Glasser of Lakewood, Ohio, has returned to her home in that city after spending the past six weeks at the home of her daughter, Mrs. W. C. Walker.

Mrs. Jessie Du Proz and Mr. and Mrs. Jess Dean of Torrance were in town one day this week visiting friends, including Mr. and Mrs. Ner Rathbun and Mr. and Mrs. Leo Dunn.

Mr. and Mrs. George Hills returned home from a week's vacation in various parts of Arizona.

The birthday anniversary of Mrs. Grace Johnson was noted on Tuesday of this week when she was honor guest at a luncheon served at Sam's Sea Food spa on Highway 101. Additional guests were Mrs. G. Hills and Mrs. A. Labourdette.

Mrs. Blanche Dunn announces a change in the Saturday mail schedules. Mails will be distributed at 8 a. m. and 2 p. m., elminating the 4 p. m. delivery.

Guests at the home of Mr. and Mrs. Herbert Proctor Monday evening for a delicious dinner, were Fathers Percival Bell, and Albert Duggan. Father Bell is pastor of St. Mathew's Catholic Church in Long Beach, and Father Duggan is pastor of St. Isadore's.

The Los Alamitos Chamber of Commerce is sponsoring a Hard-time Dance on December 18. It will be held in the school auditorium. Tickets are being handled by Leah Randolph, and will be on sale soon. Other business being taken care of by the chamber at present is a plan to enlarge the school district.

A new face greets us at our past office window lately, Mrs. Emma Robinson is working with Postmaster Blanche Dunn, and assistant CleoArd for the Christmas holidays.

A bingo party was held in the T. C. Mehren rumpus room for the benefit of St. Isadore's parish altar society. There were 28 people present and light refreshments were served.

Mrs. William Hunter, 3601 Howard Street, has spent the past week in Los Angeles visiting friends, but has returned to her home now.

The Los Alamitos Shuffleboard Team is having a dinner and party November 22 at DeBruyn's Cafe. The 12 players and guests will attend.

Jess Arnolds is recovering from a seige of pneumonia. He is recuperating at his home.

The Board of Trustees of Laurel School have opened bids for the black-topping of the basketball court and athletic area. The lowest bid was made by the Ansco cents per foot. Plans for addition of an arcade to the new classroom Construction Co. with a low of 11 building have been accepted. Construction on this unit will begin as soon as competitive bids have been taken.

The Los Alamitos Post is changing its name to Marin Davis Post 716. The name is a dedication to one of the veterans who did not return from the war.

PERSONALS

Mrs. Carl Beason, Mrs. John DePolter, Mrs. Richard Wallace and Mrs. Leslie Brannan enjoyed a trip to Hollywood recently. They attended the radio broadcasts of "Queen for a Day" and "Golden Hope Chest" and had dinner before returning home.

Mr. and Mrs. Merton Penhall, in company with the latter's brother and wife, Mr. and Mrs. Ernest Giesler, enjoyed a five day trip which took them to the Grand aCnyon, returning home the early part of this week. Enroute they stopped at Palm Springs where they visited Mrs. Penhall's sister, Mrs. Ida Krukenberg, going from there to Wickenberg, Ariz., to spend the night. Returning they stopped at Las Vegas and visited Hoover Dam.

Mrs. A. E. Arnold, Mrs. Robert Hoyt, Mrs. Earl Essex and Mrs. M. H. Damron attended a party at the Sunny Hills ranch near Fullerton.

Mrs. Nada Johnson is reported as being very ill in the Downey hospital.

Although safe cracking burglars failed in an attempt to open the safe of Boos' store in Midway City, they did escape with $20 in currency taken from ahe three cash registers in the store and about $55 worth of merchandise. Holes were drilled around the lock on the safe, the knob was knocked off but they were unable to open the strong box. Entrance was gained through a rear window. Mr. Boos, owner of the store, is well known in Cypress, having been principal of the Cypress press principal of the Cypress school for seven years.

John Signer has been issued a permit to build a home, garage and storage shed at 9671 Juanita St. to cost $15,400, and for two additonal residences at 9571 and 7575 Juanita street at a cost of $3000 each.

Attending the Democrat victory dinner at the Towne House in Fullerton on Thursday night were Mr. and Mrs. H. C. Cawthorn, W. C. Miller and Mrs. M. E. Inskeep.
